

THE   
BODINE  
SCHOOL

**Annual Report  
2008-2009**

*Years of Service*

*The mission of The Bodine School is to lead the Mid-South in teaching children with dyslexia to read and succeed.*

## From the Board President

As I complete my final year as Chairperson of The Board of Directors, I can say with great confidence our engaged and highly accomplished board has committed many hours of service working for the betterment of The Bodine School. Using their knowledge and expertise, our board members' contributions are geared towards the advancement of our School and its mission. I am confident their service to our students, School, Executive Director and community will continue after my departure.

With the current Strategic Plan coming to an end in December 2009, the board has been involved in the long range planning of the School. They are now in the final stages of approving the new Strategic Plan, which will begin in January 2010. Long and short term strategic matters were identified and addressed. Issues such as: protecting and maintaining the fiscal integrity of the School; ensuring quality professional development for staff and board members, and providing a facility that meets the needs of our students, faculty, parents and community have been addressed.

Additionally, each board member serves on at least one of the following committees: Finance, Development, Marketing, Governance, Personnel or Facilities. These committees assist the Executive Director by providing support, advice, guidance and council required for the long term operations of the School.

Since becoming Chairperson of The Board of Directors in January 2004, I have been truly fortunate to have worked with high caliber board members, both previous and current. Their willingness to commit so generously of their time and talents has not gone unnoticed. Each board member understands the needs of our students and celebrates their successes. They are confident our students prosper because of the expertise and commitment of our teachers, supporting staff, and Dr. Lee, our Executive Director. Members value Bodine, know the vital role The Bodine School has within the Mid-South community, and acknowledge individually and collectively the integral role each plays in ensuring the continued success of The Bodine School. I am proud to say, my board members serve the School with a dedication, passion and responsibility I have always admired.

My most heartfelt thanks to our students, parents, staff, Dr. Lee, Mr. & Mrs. Bodine, and my Board of Directors for making my job as Board Chair one of the most rewarding experiences of my life!

Val Darling  
Board President

## From the Executive Director

According to the Random House Dictionary, the definition of service is "an act of helpful activity; help; aid; to do someone a service." This annual report is a celebration of helpful activity provided by our teachers, our Board members, our students, and our community. Certainly no service organization can continue its mission without the aid of a great many people. I'd like to mention a few.

The faculty is the cornerstone of any school, and we were happy to recognize the service of two special faculty members this past year: Janice McTyier for 20 years of teaching at The Bodine School and Alison Collins who retired after 16 years of teaching at Bodine. Both have added stability to the academic programs of their divisions, and their collective wisdom and experience have benefitted new faculty members. Most importantly, they have been involved in the growth and change of The Bodine School by helping to shape a program designed to serve children with dyslexia. We thank them as well as all the committed teachers who make such a significant difference in the lives of our students and families.

We also celebrate board members who have faithfully served the school and its mission for several years. Two members have recently ended their service: Laura Arnovitz, a parent of an alumna, served on the board for thirteen years and Dr. Amy Beebe served for nine years. Both have been actively involved in growing and improving the program and helping to define its mission and vision. Our board chairperson, Val Darling, a parent of an alumnus, has served the board for six years by providing leadership that inspires and challenges the School community to set goals and achieve them in order to serve the Memphis community to the best of our capabilities. Val ends her leadership position in December and leaves an impressive legacy of service and accomplishment.

Lastly, we celebrate our donors. Some like Mr. and Mrs. Bodine have faithfully supported us for years. Others are new friends who we welcome and thank for believing in the mission of The Bodine School. No matter how large or small the gift or if the gift is from an old acquaintance or a new friend, know that we cannot continue to serve without your support. On behalf of everyone at The Bodine School, I thank you.

Rene Friemoth Lee, Ph.D.  
Executive Director

## 2008 Community Leaders

The Bodine School's annual Community Leader Breakfast celebrates business and professional leaders from all walks of life. Students escort their honored guests on a tour of the School, including a visit to the dyslexia simulation lab, where they see firsthand the kinds of challenges our students face every day. Our guests in 2008 were:

Frank Allen	Kristy Gunn
Marcia Almond	Bill Hagan
Meri Armour	David Hawkins
Steve Atkins	Beth Hesser
Ray Bergins	Denise Higdon
Emily Bishop	Carole Hinely
Krishna Boren	Helen Holand

Cherlyn Fields	Bradley Leon
Elizabeth Finch	Debbie Litch
Barb Gelb	Sharon Long
Steven Giles	Mazie Madden
Cyndy Grivich	Suzanne Malone

*The school's mascot is the bulldog. In England, the bulldog is a symbol of grit and determination. Sir Winston Churchill (himself learning disabled) was frequently symbolized as a bulldog because of his unflinching determination. Our students must be determined to overcome learning obstacles and succeed. They must embrace challenges with confidence and strength of mind and spirit.*

## Alison Collins Retires After 16 Years of Service

Francesca Yasseri was the first recipient to receive a scholarship established by the Board of Directors to honor Alison Collins, a dedicated teacher who retired after sixteen years of service at The Bodine School. The scholarship will be awarded annually to a second grade student. Mrs. Collins made it her mission to guide parents and students to a greater understanding of dyslexia by creating a positive environment where the parents and children were encouraged. Mrs. Collins said the scholarship was an honor because it will help students reach their full potential. The School's annual Awards Day was held in honor of Mrs. Collins where she was recognized with gifts and letters of recognition and thanks.

## Students Serve Their Community

Through community service students learn the importance of giving back to their community and beyond. Students participated in the following service projects during the year: collected school supplies for a school in need; gathered supplies and aluminum cans for the Humane Society; raised money for LeBonheur Children's Medical Center; participated in the St. Jude Mathathon; sent care packages to the soldiers in Iraq; sang carols at area nursing homes; provided yard service for neighbors; collected can tabs for the Ronald McDonald house, collected books for The Germanown Library, and read to each other.

### **Janice McTyier Reaches 20 Years of Service**

Friday, January 30<sup>th</sup> was declared Janice McTyier Day by the Mayor of Germantown, Sharon Goldsworthy, as the School celebrated Mrs. McTyier's 20 years of teaching at The Bodine School. Mrs. McTyier was honored in a surprise celebration that brought her family, including her dog, Cody, Board members, and former colleagues and students to the School. To celebrate their favorite things about Mrs. McTyier students and teachers performed their own rendition of "These Are A Few of My Favorite Things". Mrs. McTyier has made significant contributions to the academic program of the School and is a favorite among students.

### **Board Members Continue to Serve**

Dr. Amy Beebe and Laura Arnovitz, board members for nine and thirteen years step down from The Board of Directors. Both will continue to serve on the advisory board as well as the marketing and program committees.
