Dear Parent or Guardian,

AR BookFinder is an exciting new online tool from Renaissance Learning™ that will help you find appropriate Accelerated Reader™ books for your child to read. You can search two different ways for book titles that match your child's interests and reading level. Choose a method and follow the steps below:

**Do an open search to create your own list.**

1. Go to AR BookFinder at this Web address: <http://www.arbookfind.com>
2. Click the **Quick Search** tab and type the author's name, a topic, or a book title. Click the **Advanced Search** tab for expanded search options. Your search results will provide details about each book.
3. Click the **Add to AR Bookbag™** icon next to each book you are interested in to add the title to your virtual book bag. Click the **Remove from AR BookBag™** icon to remove it.
4. Click **AR BookBag™** to see a list of your selections.
5. Click **Print** to view the list in an Adobe Reader window. Then, click the printer icon to print your book bag list to take to your library or bookstore.

**Or use a keycode to view my Teacher Lists.**

1. Search a list of book titles that I've recommended for my students at this Web address: <http://www.arbookfind.com>
2. Type in this keycode: **EG376716**
3. Click the **Teacher Lists** tab to see my specific book title recommendations.
4. Click the desired list in the Name column to see my book recommendations.
5. Follow steps 3-5 from the above method.

Have fun searching!

cynthia mcdonald

*To ease your search for book titles at the library, clip along the line and tuck this reference into your wallet next to your library card.*
